NOTICE

To Keep Mobile Phones on Silent Mode

As part of our efforts to maintain a conducive learning environment, it is being notified that all students and faculty members should keep their mobile phones on silent mode during classes. It should also be ensured that no mobile phones are to be kept on vibration mode.

A designated tray will be available in each classroom for all to place their phones. Please use this facility to minimize distractions.

We shall appreciate your cooperation in this regard.

Dr Sudipto Bhattacharya

Principal, BSB
